Collaboration and Interactive Video Wall Solution

IT CORPORATE SOLUTIONS

Interactive Canvas | expands 20 times the surface area of the physical touchscreen, draw directly on the Canvas for digital white boarding

✓ **Wireless Device Sharing** | supports macOS, iOS, Windows, Android, Linux

✓ **Annotation Toolset** | annotate anything on the Canvas, including live feeds

✓ **Built-in Apps** | Web Browser, Notes, Sketches

✓**Easy Content Sharing** | share content from a USB on the fly, or select from integrated network drive or cloud server

✓ **Quick Start** | no session prep required - just tap the display and go, intuitive interface means zero to little training required

✓ **Hardware-Agnostic** | compatible with major touch display brands; single panel or multipanel configurations
